

Community Markets Associate

The Community Markets Associate provides support to the Mobile Programs team in the areas of community market planning, communications, and special projects. Great attention to detail, writing and editing skills, and strong communication are essential to this role.

The Community Markets Associate performs a variety of duties related to Community Markets program development; partner training and capacity building; developing neighbor feedback channels through surveying; and supporting the manager with community and partner engagement initiatives. The Community Markets Associate will be called upon to work with Community Partners at MANNA Community Market sites, MANNA Express sites, and Buncombe County Community Engagement sites. They will provide focused support to surveying of neighbors to ensure MANNA is centering neighbor needs. This role will support the implementation of Service Insights at MANNA Community Markets. The Community Markets Associate will collaborate with MANNA departments that want to bring services to mobile markets and support MANNA's mission to involve, educate, and unite people in the work of ending hunger in Western North Carolina.
